

LONG WAKA WITH JESUS

In *Long Waka with Jesus*, Dr Gaston Nyabul di Kanza Mabaya retraces his steps from the days when he was a young lector and altar server in the Church in Yasa (Democratic Republic of the Congo), through the academic halls of Belgium, to the pulpits of the Roman Catholic Diocese of London in Canada.

It sometimes happens in our lives that we wonder about God's presence. We ask ourselves a thousand and one questions. Why, for instance, does God allow this or that to happen? In Dr Mabaya's case, the question arose several times. On each occasion, God proved to be present and faithful. Like most of us, he often asked himself this question again and again: "Where has my God gone?" especially when knowing how difficult a situation could be.

Long Waka with Jesus brings to light all the blessings which have encompassed the world of Dr Gaston Nyabul di Kanza Mabaya throughout his life.

Whatever stage you are at spiritually, you need to examine your life with God in a private moment of recollection. You will discover His marvels. He is among us, His children, waiting for us to make ourselves available and take His hand, which He offers us graciously. He will show you what is most meaningful in your life.

He loves you. In His company, none of you would feel alone. His love is unwavering.

GASTON N.K. MABAYA
